Internships

Design Intern at IBM, New York City

June 2022 — August 2022

- Thrived in the dynamic roles of UX/UI designer and facilitator, crafting innovative solutions to tackle complex business challenges.
- Leveraged user research insights to drive impactful improvements, implementing Watson Assistants and elevating the user experience across multiple websites.
- Actively contributed to the Social Media Committee as a volunteer, creating compelling content that resonated with interns nationwide.

Information Technology Mentor at Techie Youth, New York City

July 2021 — September 2021

- Mentored students at Techie Youth, a non-profit charity of NYC that helps foster kids and at-risk youth by helping them discover careers in tech.

Consulting Intern at IBM Accelerate Program

June 2021 — August 2021

- Learned the key fundamentals behind blockchain, artificial intelligence, UX/UI design, agile workflow, and more from industry-leading IBMers.
- Crafted two dynamic mock apps using Figma.

Extra-curricular activities

Event Coordinator at Baruch Association for Information Systems

February 2021 — June 2023

- Designed and hosted interactive programming workshops, empowering students with web design, data science, and financial analysis skills.

Web Development and Design at Girls Who Code, New York City, NY

June 2019 — July 2019

- Developed and designed websites using HTML, CSS, and JavaScript.

Volunteer Experience

NewYork-Presbyterian Hospital Volunteer, New York City, NY
